**Puzzle Players Unite!** Welcome to *Ballistic™* where your goal is simple...keep the balls from reaching the center gate. The objective of the game is to rotate the launcher and shoot the balls into a constantly growing string of balls. Matching 3-of-a-kind creates a "chain reaction" and makes them disappear. Combine multiple chain reactions for even more points!

*Ballistic™* offers two exciting modes of solo play along with a VS. mode for head-to-head competition.

**Game Modes:** After pressing START, you will be able to select one of the different games or access GAME SETUP. Use the directional buttons to choose an Option, then press the A button to select it.

**Panic Mode:** In Panic Mode, you're faced with a never-ending string of balls with no rest between levels.

**Stage Mode:** Similar to Panic Mode but with additional features and short rests between levels.

**VS. Mode:** The ultimate challenge as two-players compete head-to-head.

**Options:** This adjusts the Game Difficulty.

### **Hints and Tips:**

- Build your combos. The easy shots are not always the best shots. Look to set up multiple chain reactions even if it means passing up the obvious easy shot.
- Plan ahead! Look at the next ball in the Launcher and plan your following shot.
- Try to set up multiple chain reactions for higher bonus multipliers in the Stage Mode.
- If you have a useless ball, shoot it outside the chain if you can. You don't need to use every ball to clear a stage.

Please note: Do not insert or remove controller during game play.
